G. O. P. COMING CLEAN

The Republican Publicity Association, through its President, Hon. Jonathan Bourne, Jr., today gave out the following statement from its Washington headquarters:

"The two principal issues on which the Republican party returned to power in Congress as a result of the elections last November were the promises of its leaders to return our government to the people and strip the autocrats at Washington of the unbridled authority that had been conferred upon them by the Democratic Senate and House, and to effect immediately a drastic reduction in the enormous expenditures that have been made under the guise of war necessity. The record of the two Houses thus far demonstrates that the confidence of the voters was well placed.

"Perhaps the most important of the democratic measures that have received attention is that restoring the telephones and the telegraphs to their rightful owners. A Senate committee reported a bill early in the session designed to that end, and it has since passed and is now awaiting action in the House. Meanwhile the members of the latter body have been holding hearings on the subject so as to fully inform themselves of intelligent action without delay.

"The bill introduced by Senator Jones of Washington, Chairman of the Commerce Committee, to permit shipyards to construct vessels for foreign account without first getting permission from the Shipping Board is another measure that restores freedom to private enterprise. In the past few months many shipyards, particularly on the Pacific coast, have been practically idle, necessitating the laying off of thousands of skilled workmen, while contracts from foreign nations were waiting. The reason was that the President had decreed that his agency, the Shipping Board, should not permit our yards to accept foreign orders. Under the Jones bill executive interference in the matter is removed, and private initiative left unhampered.

"The Cummins bill, restoring the rate-making power to the Interstate Commerce Commission, is another step towards divesting the autocrats of the Administration of their war powers. For years the Commission had jurisdiction over interstate rates, but it was suddenly taken from them and bestowed upon the Director General of Railroads when the rails were Federalized. Secretary Cummins' measure puts the whole question back under the control of the experts who have handled it so long.

"The Knox resolution aimed to secure the separation of the league of nations from the peace treaty is a distinct step in preserving to the people what is rightfully theirs. It protests against the President usurping the right of the people to amend their own constitution, and declares that the Senate cannot, under their oaths, and will not ratify a treaty that undertakes to amend the Constitution in defiance of the means provided in that instrument for amendment.

"To the women of the country the passage of the suffrage amendment is perhaps the most important act of the Congress thus far. Rejected by the Democrats of the last Congress the Republicans did not lose a moment in putting it through the present session, thus paving the way for the enfranchisement of millions of our most intelligent citizens.

"Hundreds of millions of dollars have been pared from the estimates submitted with each appropriation bill, notably the army and navy supply bills, and more economies are to follow. Measures giving the people the benefit of the huge surplus of food and materials held by the army are now under consideration, and scores of other bills await action in the passage of which the public will directly benefit. Truly the Republican party is exemplifying its life-long record of achievements in conformity with pre-election promises.

DEATH OF JOHN BARLEYCORN

John Barleycorn is dead. May he never be resurrected. Little children, weeping mothers and sorrowing wives may now see a ray of hope in the darkened clouds that have made life miserable. The excessive use of liquor has brought misery to many. Let us hope that the death of old John Barleycorn, who has caused so much misery in the world, will bring new life and hope to those who have been burdened by his influence in the past. Bone dry prohibition is certain to cause a new era to dawn for the betterment of everyone. Happiness will take the place of sorrow in many a home, little children will be better educated and mankind will be happier now that John Barleycorn is no more. With blessed peace settled down over the land and with prohibition enforced throughout the country, who is there that cannot say that the millennium has arrived?

OUR SCHOOLS PRAISED

BY BERTHA E. BROWN

Having recently come here from San Luis Obispo to reside, I have two third grade pupils enrolled in the grammar school here, and called to view the work of the scholars on the last day of school.

I have attended the commencement exercises at State Polytechnic school in San Luis Obispo, high school and their two grammar schools, where all branches of manual training are taught and where they diligently prepare all during the year for Exhib. Day at the close of school in June, and I have yet to see a finer, more elaborate display of furniture than I saw at Central school rooms yesterday.

REDWOOD CITY SCHOOL PRINCIPAL AND TEACHERS ARE TO BE CONGRATULATED

For their success in perfecting our young folks in the different branches of study and the Professor in Manual Training should indeed be proud of the results of his constant thought and instruction necessary to accomplish the completion of the different articles.

AND I ESPECIALLY APPRECIATED THE HOSPITABLE WELCOME I RECEIVED FROM PRINCIPAL AND TEACHERS, ALSO THE COURTESY MANNER IN WHICH SEVERAL OF THE BOYS OF THE SIXTH AND SEVENTH GRADES AND EVEN SOME SMALLER, ADDRESSED US AND SO NICELY ASKED TO SHOW US AROUND.

The pupils who have made these fine articles are to be congratulated for their ability to make such articles and their determination to preserve and complete them.

Cedar chests were there in several different woods, all beautiful. Library lamps, arm chairs, davenport, dressing tables, desks, one beautiful buffet, and so many other beautiful articles, one could not remember. I only wish some good fairy would leave some of them on my front step.

One room was having ice cream and cake when I entered and it was a pleasure to see the happy faces and the boys of the Sixth and Seventh grades right on top of the ice cream.

With the fine school we have here and able teachers, I wish to say girls and boys, continue to do your very best because every day lost in school means much to each one of you and when you are older you would wish you had taken advantage of all the advantages that are within your reach now.

BERTHA E. BROWN.

OUR SCHOOLS PRAISED

BY BERTHA E. BROWN

Having recently come here from San Luis Obispo to reside, I have two third grade pupils enrolled in the grammar school here, and called to view the work of the scholars on the last day of school.

I have attended the commencement exercises at State Polytechnic school in San Luis Obispo, high school and their two grammar schools, where all branches of manual training are taught and where they diligently prepare all during the year for Exhib. Day at the close of school in June, and I have yet to see a finer, more elaborate display of furniture than I saw at Central school rooms yesterday.

REDWOOD CITY SCHOOL PRINCIPAL AND TEACHERS ARE TO BE CONGRATULATED

For their success in perfecting our young folks in the different branches of study and the Professor in Manual Training should indeed be proud of the results of his constant thought and instruction necessary to accomplish the completion of the different articles.

AND I ESPECIALLY APPRECIATED THE HOSPITABLE WELCOME I RECEIVED FROM PRINCIPAL AND TEACHERS, ALSO THE COURTESY MANNER IN WHICH SEVERAL OF THE BOYS OF THE SIXTH AND SEVENTH GRADES AND EVEN SOME SMALLER, ADDRESSED US AND SO NICELY ASKED TO SHOW US AROUND.

The pupils who have made these fine articles are to be congratulated for their ability to make such articles and their determination to preserve and complete them.

Cedar chests were there in several different woods, all beautiful. Library lamps, arm chairs, davenport, dressing tables, desks, one beautiful buffet, and so many other beautiful articles, one could not remember. I only wish some good fairy would leave some of them on my front step.

One room was having ice cream and cake when I entered and it was a pleasure to see the happy faces and the boys of the Sixth and Seventh grades right on top of the ice cream.

With the fine school we have here and able teachers, I wish to say girls and boys, continue to do your very best because every day lost in school means much to each one of you and when you are older you would wish you had taken advantage of all the advantages that are within your reach now.

BERTHA E. BROWN.

MENLO PARK NEWS OF ALL SORTS

Doings at Peninsula Garden Spot As Told in Breezy Style By Our Reporters

G. Fred Clark, who was principal of the local grammar school for four years, visited friends here on Tuesday. Mr. Clark entered the Oakland school department after leaving Menlo Park where he taught for some time. He is now the principal of the intermediate high school at Eureka, Humboldt county.

A special school election will take place at the Ravenswood district on July 23, at which will be submitted the question of voting a tax to build and equip and furnish one or more school buildings. For this purpose it is necessary to raise \$3500. The polls will open at 9 A. M. and close at 2 P. M. The new school building has become so crowded owing to the growth of Ravenswood that more school facilities are necessary and the trustees have decided to call an election.

C. M. Fitzgerald, for a number of years a resident of North Palo Alto, has sold his home there to Mrs. A. R. Bingham of San Francisco and has moved to San Jose with his family to reside.

Fred Nessler has been chosen an honorary member of the local fire department. Mr. Nessler is a veteran fire fighter having acted chief of the Los Angeles fire department many years ago.

William Feeley has written his parents that he sailed from Brest during the week and will be home, here, for some time, with his army of occupation in Gohenz, Germany.

Young Feeley left with the first San Mateo county contingent for Camp Lewis in September, 1917. He became a sharp-shooter. After a short time at North Carolina he was sent to France where he participated in many battles going over the top seven times. After landing in France he spent four months in the trenches. Mr. Feeley has a brilliant record in the army.

The \$40,000,000 bond election was carried at the election here on Tuesday by a vote of 108 to 16. About one-third of the voters came out to the polls. This shows the interest taken in the election.

Miss Genevieve Gilcrest was given a shower at the home of the Misses Carleton on Oak Grove avenue on Tuesday evening. About fifty guests were present and the evening was beautiful for the previous gifts given the beautiful and charming bride-to-be. Delightful refreshments were served by the hostesses. Miss Gilcrest and Joseph Nash will be united in marriage at a nuptial mass to be celebrated this morning at 8 o'clock in the Church of the Nativity. Father W. P. Sullivan will perform the ceremony. The honeymoon is to be spent at Los Angeles. After their return they will reside for a time at Palo Alto, but later Mr. Nash will erect a home adjoining his mother's at Ravenswood.

General Devoil has taken possession of the homes place which he purchased last week.

General Devoil was given the distinguished service medal last week at Fort Mason by Col. Benjamin Alvord, adjutant of the Western Department, for conspicuous service in handling the department of supply on the Pacific coast during the war.

Major General Devoil had charge of the thirtieth supply zone including Washington, Oregon, Montana, Idaho, Nevada, California, the Hawaiian Islands, the Philippines, Alaska and the American Expeditionary Forces in Siberia.

The General's favorite diversion is golf and he will find the links of the Menlo Country Club and the club membership accommodations the equal of any on the coast.

Dr. Washington Dodge, who passed away at San Francisco on Monday following an attempt at suicide, was well-known here. He had at one time lived in the Dr. Stollard cottage on Glenwood avenue, later erecting a fine home in the Adams tract on the Middlefield road which he afterwards sold to James L. Flood.

A disastrous grass fire started near the Bear Gulch lake on Tuesday and spread for several miles, threatening the homes of Miss E. M. Warren, Mr. Mulcahy, Mr. Reis and other palatial homes in that locality. The effective work done by the Menlo fire department stopped the spread of the flames and finally the fire was put out. Several trees were destroyed and large stretches of fences were burned.

Percy E. Roberts of Battery F, Sixty-second C. A. C., which left here in June, 1918, will arrive home next week. Roberts was discharged at Winchester, England, in January of this year, and has been touring the British Isles since that time. Before entering the army he was a junior member of the firm of W. F. Roberts & Sons, provision merchants. His brother, William F. Roberts Jr., was discharged from the medical corps last March. The parents of these men live at Atherton.

On Monday there was a big rush for liquors at John Beltramo's. His large stock was completely disposed of before night. He received one order for \$1750 and others for \$1000. His entire stock was closed out. Auto mobiles had to wait their turn to get in the place to leave orders and get the goods. Mr. Beltramo's sales in the three days before the prohibition laws went into effect amounted to nearly \$20,000.

Many from the city departed on Thursday for Santa Cruz to spend the week end and longer. Among those who went were: Miss Grace Parlee, Mrs. Melbourne Carter and daughter, Mrs. Kearney and children, Mrs. J. G. May's first daughter, being, Logan and her sister, Mrs. George Nunn.

Mrs. Stanley Freeborn, for many months associated with the Red Cross House at the base hospital, left for her home in Berkeley during the week. Her departure is a matter of deep regret among her friends here at the hospital. Mrs. Freeborn is a woman of unusual character, big hearted, kind and most entertaining and delightful to those associated in Red Cross work.

The Board of Education at Redwood City yesterday announced that all the pupils who took the examination from the grammar school and St. Joseph's parochial school had passed muster.

Rev. E. L. Parsons, who was elected coadjutor bishop of this diocese in San Francisco last Wednesday, had a month's vacation here, being pastor of Trinity Episcopal church about twenty years ago.

THE SUPERVISORS HOLD MEETING

The board of supervisors at a special meeting Monday morning adopted a resolution agreeing when the tax levy is fixed next September to increase the apportionment of school purpose so that the salaries of all the teachers in the primary and grammar schools of San Mateo county shall be raised at least twenty dollars a month. The resolution was presented and read to the supervisors by Attorney George C. Ross of Redwood City, who in a most eloquent address appealed to the board, as a citizen and taxpayer, and as a father and grandfather, to adopt it. The resolution reads as follows:

Whereas, because of the great world war now and important problems will undoubtedly be presented in the new year to the whole people of our country and state for proper solution; and

Whereas, the teachers in our public schools have the high and serious task before them of preparing our children for the new era which the war has been and is now bringing out; and

Whereas, it has been and is now the desire of this board to financially provide for and maintain a high standard of efficiency in the schools of this county; and

Whereas, the cost of living has very greatly increased and to the extent that the present salaries paid the teachers of this county

are insufficient as proper or fair living wages.

Now Therefore be it Resolved, that this board hereby determines and states, that it intends to and will, in fixing the county tax rate for the fiscal year 1919-20, increase and fix the levy for school purposes so that the salary of each teacher in the primary and grammar school of this county may and shall be raised and increased not less than twenty dollars per month.

The adoption of the above resolution came as a climax to one of the most enthusiastic meetings ever held in this city. The meeting was unique in that it was the first time that the teachers of San Mateo county had ever come together to ask for something that was to be a direct benefit to them. There were hundreds of them present, every district in the county being represented by one or more educators who had come at the solicitation of the supervisors to lay their claims before the board. It was a foregone conclusion that the county would grant their request, which judging from the sentiment of the public as expressed during the past week in all the press of the county, is only right and fair.

All five members of the board were present when Chairman John MacLean called the meeting to order at 10 o'clock. Every seat in the supervisors' chamber was occupied and standing room was at a premium. Following the reading by Mrs. Nash, clerk of the board, of resolutions from the San Mateo County Building Trades Council, representing every labor organization in the county; Carpenters' Union No. 142 of San Mateo and the San Mateo County Federation of Parent Teachers' Clubs endorsing the plan to raise the teachers' salary, Mr. Wagner, the well-known educator and trustee of the Monterey school district, was called upon and in a most forcible address, explained why it was necessary at this time for the teachers to come before the supervisors in an appeal for more money. He pointed out that the purchase price of a dollar had decreased over fifty per cent during the past ten years; that the teachers are the poorest paid of any workers in the county today.

"It is utterly impossible for them to live and dress properly on the salaries they are receiving," he said, "and unless the conditions are improved the teachers will be forced to seek employment in more remunerative occupations."

The speaker appealed for an adjustment of the wage scale for the teachers from a standpoint of justice. "A great wave of sympathy is coming to the Pacific coast," predicted Mr. Wagner, "and this is the year to let the limit for the teachers. The tax payers are all behind the proposition for better salaries."

Miss Anna P. Haley of San Mateo and one of the prime movers in the plan for better conditions for the teachers, followed Mr. Wagner, and stated that the teachers needed the increase in salaries simply so they could pay their bills and live properly.

Mrs. J. B. Hughes, assemblywoman from Butte county, was present at the meeting and was called upon for an expression on the matter. Mrs. Hughes said that she was vitally interested in the proposition and was strongly in favor of granting the teachers a substantial raise. A poor reduction upon a county as rich as San Mateo.

"The day has come," said Mrs. Hughes, "when the teacher has found herself; the war has brought this condition about, and if more recognition is not shown her, she will leave the profession." The speaker called attention to the years of preparation spent by the teachers who receive the least material appreciation of any of the professions.

Mr. John L. McGinn, director of San Mateo War Savings Committee and chairman of the San Mateo Women's branch of the State and National Councils of Defense, was next called upon, and made a strong plea for higher salaries for the teachers.

Professor A. E. Montieth, supervising principal of the Redwood City grammar school, spoke from an economical standpoint. He showed how

the purchasing value of a dollar had decreased in the United States just 103 per cent since 1912 and he ridiculed the idea that prices are soon to go back to where they were just before the war. It will take from 15 to 20 years to bring it back to where it was in 1914.

"No professor has been so little recognized," said Mr. Montieth, "as has that of the teachers and simply because the teachers have always stood back and did not ask for what was coming to them. Now, all they are asking for is enough money to meet the increase in the cost of living."

Others who spoke in favor of the increase in the teachers' salaries were:

William Turnbull, chairman of the board of trustees of the San Mateo school district; George W. Hall, supervising principal of the San Mateo grammar school; Prof. W. J. Savage, supervising principal of the Redwood City grammar schools; Mrs. Elizabeth M. Nash, county clerk and a former teacher in the Monterey school; Prof. Bowers, supervising principal of the Menlo Park grammar school; Mrs. Lulu Kirkpatrick, principal of the Redwood City Woman's Club; L. E. Adams, supervising principal of the South San Francisco grammar school; and Horace Amshitt, editor and publisher of the San Mateo Times.

The motion to adopt the resolution presented by Attorney Ross, was made by Supervisor C. V. Thompson, seconded by Supervisor Brown. The vote was unanimous, all five members of the board making talks in favor of granting the increase asked for by the teachers.
